

## Flow

Neutral detergent for liquid laundry systems

### Features and Benefits

- FLOW is a neutral detergent complex specifically designed for liquid laundry systems.
- FLOW contains optical brighteners to keep whites super white and colours bright.
- FLOW can be used safely on all wash classifications including wool and silk.
- FLOW is phosphate free and contains readily biodegradable surfactants which helps protect our waterways and the environment.

### Use Directions

Flow is designed specifically for use in automatic liquid laundry systems. It should only be dispensed via Chemform equipment. As each wash classification will require different quantities of Flow your Chemform representative will establish and monitor the appropriate amount of Flow for each wash program.

### Safety Information

Refer to our product safety information sheet (PSIS) for more information or consult your Chemform representative for further assistance.

### Packages

20L, 205L

**At Chemform we care about the environment, our community and your safety by providing environmentally responsible products. The CHEMFORM GREEN range of products provides performance, quality and safety, as well as environmental sustainability by meeting our strict criteria:**

- ✓ **Products containing detergents must use only those classified as readily biodegradable.**
- ✓ **Whenever possible, products made from plant based renewable resources are selected.**
- ✓ **Our CHEMFORM GREEN range contains no phosphates, oil-based hydrocarbons, chlorine, chlorinated hydrocarbons, carcinogens, alkyl phenol ethoxylates or heavy metals.**
- ✓ **Our CHEMFORM GREEN range is safe to use. Products must be classified as non-hazardous and non-dangerous.**
- ✓ **Industrial degreasers will be quick-breaking according to our stringent definition.**
- ✓ **Waste will be minimised as we believe that the biggest environmental burden on the Earth is waste. All packaging used in the CHEMFORM GREEN range is recyclable, and can be returned to Chemform for processing.**
