

HD Cleaner #10

Powerful multipurpose Bio-Active Cleaner

Description

The unique combination of surfactants and bio-active agents has created a 3 way action combination of cleaning. The surfactant provides immediate cleaning while the bacteria breaks down embedded residual grease and dirt over time.

Features and Benefits

- HD CLEANER #10 is suitable for use on all surfaces.
- HD CLEANER #10 eliminates the need for rinsing after use which saves time, labour and water.
- HD CLEANER #10 cleans grout and porous surfaces by breaking down grease and oil over time. This improves floor friction with regular use, reducing the potential for slips and falls.
- HD CLEANER #10 reduces odours and the residue continues to work for up to several days.
- HD CLEANER #10 is easy to use with conventional equipment.
- HD CLEANER #10 can be added to floor drains to maintain grease and fat build up and reduce odour.
- HD Cleaner #10 is safe to use on all surfaces including floors, tables, countertops, walls, combi ovens and food equipment
- HD Cleaner #10 is safe to use in septic water systems

Applications

HD CLEANER #10 is a multipurpose product and can be used in any area for hard surface cleaning. HD CLEANER #10 is suitable for use in kitchens, washrooms, bars, food and garbage disposal areas, drains, etc.

Use Directions

General Cleaner

Mix 15 - 30mL per litre of water. Spray the surface and wipe off. There is no need to rinse surfaces. Rinse product contacting food preparation surfaces with potable water after use.

Floor Cleaner

- Sweep up floor.
- Shake the product well before dilution.
- Mix 60mL to 120mL of HD CLEANER #10 per 4 L of hot water (60oC) (hot water will activate the bio-active ingredients).
- Apply the product generously to the floor using a clean mop.
- If the floor has grout, scrub the grout with a stiff bristle broom or brush.
- Soak up excess solution with mop or squeegee to the floor drain.
- DO NOT rinse the floor as the bio-active ingredients will be removed, reducing the cleaning effect after mopping.
- Allow the floor to air dry or mop dry.

Rinse product contacting food preparation surfaces with potable water after use.

Safety Information

Refer to our product safety information sheet (PSIS) for more information or consult your Chemform representative for further assistance.

At Chemform we care about the environment, our community and your safety by providing environmentally responsible products. The CHEMFORM GREEN range of products provides performance, quality and safety, as well as environmental sustainability by meeting our strict criteria:

- ✓ Products containing detergents must use only those classified as readily biodegradable.
- ✓ Whenever possible, products made from plant based renewable resources are selected.
- ✓ Our CHEMFORM GREEN range contains no phosphates, oil-based hydrocarbons, chlorine, chlorinated hydrocarbons, carcinogens, alkyl phenol ethoxylates or heavy metals.
- ✓ Our CHEMFORM GREEN range is safe to use. Products must be classified as non-hazardous and non-dangerous.
- ✓ Industrial degreasers will be quick-breaking according to our stringent definition.
- ✓ Waste will be minimised as we believe that the biggest environmental burden on the Earth is waste. All packaging used in the CHEMFORM GREEN range is recyclable, and can be returned to Chemform for processing.
